Objectives

At the conclusion of the program, attendees will be able to:

- Promote interdisciplinary collaboration in the care of patients with a variety of wound, ostomy and continence needs.
- Discuss effective evidence-based strategies that promote quality of life for patients with ostomies.
- Understand the importance of professional nursing practice in bringing significance to our daily work as wound, ostomy and continence nurses.

Accreditation

This activity has been submitted to Maryland Nurses Association for approval to award contact hours. Maryland Nurses Association is accredited as an approver of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.
